SmartFlow/SmartCheck/DVVI/IVNV 3.3 Release Notes

5/19/2017

SmartFlow/SmartCheck/DVVI/IVNV are industry leading Digital Inspection and Workflow Management solutions

System requirements and dependencies

- None specific to any bug fixes below

Fixes

SmartFlow Web Portal

- Inspection Results are presented on more secure Htpps pages
- The SmartFlow Add-On can be downloaded directly from the TVP
- Service Advisor names not listed in detailed report

Mobile Application

- Under certain circumstances job notes could be lost
- Sometimes image counters were too high

Changes

- The No Tech column offers now the ability to sort by Promised Time and RO# independently of all other tech columns

Link to Documentation

- **[Using Smart Markers](#)**
